Overview

The Foltines will hit you immediately. They feel like a generation waking up. A young band putting talent back on stage. Instantly powerful, you'll remember where you were when you first heard them.

Liam Knight - Vocals, Rhythm Guitar, Songwriter
Finn Rooney - Lead Guitar
Max Cugley - Bass
James Wilkinson - Drums

Sound

Built from the chaotic guitars of Sonic Youth, Pixies and The Verve, with the attitude of the Sex Pistols. Their tone, melody with menace. Evoking the psychedelic sounds of the 13th Floor Elevators, their songwriting is rooted in Neil Young, Lennon, Gallagher and Ashcroft.

The Foltines take the energy and unpredictability of noise rock and psychedelic guitar music and put it underneath timeless songwriting — songs designed to stay with you after the noise stops.

Identity

They feel today's music needs a good kick up its arse. Two English lads, combined with two Aussies, equals a blistering live set. Authenticity is core. They feel a need to bring real music back to the forefront.

Musical Philosophy

No filters. No tricks. Pure chemistry and conviction. Giving real talent to an audience starved of it.
